

PILLARS FOR PADS

PADS Crisis Services salutes the members of the Pillars for PADS giving society who give \$2,500 or more annually to PADS. The strength of these leadership gifts lies in their belief that PADS Crisis Services is worthy of a significant personal investment. Their generosity reflects a strong commitment to our mission which is to combat chronic poverty, welfare dependency, and homelessness among individuals and families with children; by providing immediate emergency shelter and crisis services before moving on to permanent supportive housing.
